

GOVERNMENT OF INDIA

MINISTRY OF EXTERNAL AFFAIRS

LOK SABHA

UNSTARRED QUESTION NO. 2390

ANSWERED ON 13/02/2026

**RESILIENCE OF LOCAL INDUSTRIES AGAINST INTERNATIONAL
UNCERTAINTY**

†2390. MRS. RUCHI VIRA

Will the Minister of External Affairs be pleased to state:

(a) whether the Government has reviewed the impact of evolving global geopolitical developments on export-dependent industries, migrant workers and international trade relation associated with Moradabad district, Uttar Pradesh;

(b) if so, the details of diplomatic contacts, trade facilitation and advisory support to mitigate the impact of external disruptions to the livelihood and market access in the districts; and

(c) the details of the proposed policy measures by the Government to enhance the resilience of local industries and workers against international uncertainties?

ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS

(SHRI PABITRA MARGHERITA)

(a to c) The Government closely monitors all developments that have a bearing on the safety, security, well-being and livelihoods of its nationals. The Government's various initiatives including the recently launched Export Promotion Mission (EPM) is aimed at supporting the exporters. The EPM addresses key export constraints including limited trade finance, market access barriers, high logistics costs and compliance bottlenecks through two integrated sub-schemes – Niryat Protsahan and Niryat Disha. The Niryat Protsahan scheme aims to strengthen India's trade finance ecosystem and bridge MSME trade finance gap through timely, affordable and diversified trade financing options. Niryat Disha aims at expanding India's export capacity by addressing non-tariff barriers to trade, building export capabilities and positioning Indian goods and services in key global markets.

The Ministry of External Affairs (MEA), through its Missions and Posts abroad supports Indian exporters, working in close coordination with Department of Commerce (DoC). Regular Workshops and capacity building activities are being undertaken together with relevant Industry Associations

to support the Mission. The Indian Missions and Posts abroad are also actively supporting export of products of rural artisans under the One District One Product (ODOP) initiative.
