Will the Minister of AGRICULTURE AND FARMERS WELFARE कृषि और किसान कल्याण मंत्री be pleased to state:

- (a) the details of the corpus created under the AgriSURE Fund (AgriSURE), including contributions from the Government, National Bank for Agriculture and Rural Development (NABARD) and private institutions and its impact in the country, particularly Nabarangpur Lok Sabha Constituency in Odisha;
- (b) the number of start-ups financed under AgriSURE so far, including details of agri-tech, food processing and rural enterprises supported in the country, State/UT-wise and sector-wise particularly in Odisha and the Nabarangpur Lok Sabha Constituency, Bengaluru in Karnataka, Rajasthan, Jharkhand;
- (c) the manner in which performance and risk management of investments under the Fund are being monitored by NABVENTURES;
- (d) whether the Fund has succeeded in attracting additional private capital into the agri and rural start-up ecosystem; and
- (e) the details of beneficiaries supported under AgriSURE and the progress made in

strengthening agricultural value chains in the country, State/UT-wise particularly Nabarangpur and Keonjhar Lok Sabha Constituencies in Odisha, Karnataka, Pali Lok Sabha Constituency in Rajasthan, Chhattisgarh, Madhya Pradesh and Jharkhand?

ANSWER

MINISTER OF STATE FOR AGRICULTURE AND FARMERS WELFARE

कृषि एवं किसान कल्याण राज्य मंत्री (SHRI BHAGIRATH CHOUDHARY)

(a): The Agriculture Fund for Startups and Rural Enterprises (AgriSURE) has been established as a SEBI-registered Category-II Alternative Investment Fund (AIF) with a target corpus of ₹750 crore, to be mobilised and deployed over a 10-year period. Out of the total corpus ₹250 crore is contributed by the Government of India, ₹250 crore is contributed by the National Bank for Agriculture and Rural Development (NABARD) while the remaining ₹250 crore is to be mobilised from private institutions and other investors

The Fund aims to support innovative, technology-driven, high-impact and high-risk projects in agriculture and allied sectors, thereby strengthening the agricultural value chain and rural enterprise ecosystem across the country. Investments under AgriSURE are made on the basis of merit and investment viability, and no State, district, or constituency-wise allocation is prescribed.

(b) & (e): Under AgriSURE, investments have been approved in 4 Startups under the Direct Investment Scheme and also in 8 Alternative Investment Funds (AIFs) under the Fund of Funds (FoF) Scheme who inturn have reported investment in 5 Startups so far. The list of AIFs and startups supported so far with their registered location is placed at **Annexure**.

(c): NABVENTURES, the venture capital arm of NABARD, acts as the Investment Manager of AgriSURE and operates under the regulatory framework of the Securities and Exchange Board of India (SEBI) in accordance with the SEBI (Alternative Investment Funds) Regulations, 2012. Monitoring and risk management are undertaken through rigorous due diligence by NABVENTURES' investment team and an independent Investment Committee; periodical performance reviews; field visits to supported startups; participation in investor meetings; continuous monitoring of financial performance of AIFs and investee companies.

Further oversight mechanisms include periodic review by the Board of NABARD, submission of progress reports to the Government of India (DA&FW), statutory audit of NABARD, independent audit of SEBI-registered AIFs, and mid-term third-party evaluation by independent agencies to assess the Fund's outcomes and impact.

(d): The Fund aims to catalyse additional private capital in the agriculture and rural startup ecosystem. So far ₹95 crore has been mobilised from market investors under AgriSURE. Besides, under the FoF structure, the partner AIFs are required to invest an amount equal to the AgriSURE contribution, thereby enabling additional investment of approximately ₹150 crore from market sources in agri and rural startups.

A list of AIFs and Startups in FoF and Direct Scheme under AgriSURE

A. Startups under Direct Scheme

S. No	Company	Registered Address	Area of Operation	Field of Activity
1	Fambo Innovation	Noida, UP.	Uttar Pradesh, Haryana, Delhi, Himachal Pradesh, Maharashtra, Madhya Pradesh, Karnataka, and Punjab	Food Processing Fambo links farmers and FPOs with food businesses via 5,000 farmers, offering GAP-certified produce, processing, cold chain logistics, and AI-driven supply optimization.
2	KissanSay	Gurgaon, Haryana	Kashmir, Kerala, Maharashtra, MP, UP	Farm to Table Startup sources single-origin produce from 20+ FPOs, ensuring traceability, co-branding, profit-sharing, quality control, and using FPO-owned processing infrastructure.
3	ELMED Probiotics	Hyderabad, Telangana	Telangana, Andhra Pradesh	Agri Biotech Startup develops probiotic formulations for livestock, aquaculture, and crops, improving gut health, water quality, nutrient uptake, and sustainable farm productivity.
4	Aquapulse	Bhubaneswar, Odisha	Odisha, Andhra Pradesh, Telangana, West Bengal	Aquaculture Startup runs a hybrid agritech–seafood export model, controlling farm-to-buyer supply chain via technology and cold chain with 5,000 farmers.

B. Details of AIFs and Startups in FoF scheme:**(I) Details of AIFs:**

Name of AIF / Fund	Registered Office (District, State)	Area of Operation (States)	Field of Activity (Agri Specific)
1.Asha Ventures	Mumbai, Maharashtra	Pan-India	Impact investing in agritech & sustainable agriculture (direct focus on farming innovations, farmer inclusion, supply chains).
2.OTP Ventures (OTP India)	New Delhi, Delhi	Pan-India	Growth equity investments in consumer brands, fintech, and renewable sectors — including sustainable agriculture and natural resources — that harness technology to drive efficiency, sustainability, and market connectivity.
3.Ankur Capital	Mumbai, Maharashtra	Pan-India	Early-stage tech in food & agriculture (strong portfolio in smart farming, crop tech, supply chain for farmers).
4. IAN Alpha Fund	New Delhi, Delhi	Pan-India	Deeptech/early-stage (AI, biotech, climate) including agriculture as a targeted sector.
5.Unicorn India Ventures	Mumbai, Maharashtra	Pan-India	Early-stage tech/consumer; invests in agritech/livestock tech, e.g., AI for bovine/farm management.
6. Greenstone Capital	Mumbai, Maharashtra	Pan-India	Climate/sustainable investments; includes sustainable agriculture and circular agri practices.
7. Rukam Capital	New Delhi, Delhi	Pan-India	Early-stage consumer brands (food & beverages, wellness), food products/supply chains.
8.Theia Ventures	Bengaluru, Karnataka	Pan-India	Climate tech/decarbonization, sustainable agritech, food systems, circular agriculture in climate context.

(II) Details of Startups :

S. No	Company	Registered Office	Area of Operation	Field of Activity
1	Saswat Financial Technologies Private Limited	Mumbai, Maharashtra	Maharashtra, Karnataka, UP	Agri-Fintech Saswat Finance, founded in 2021, offers fintech solutions to rural farmers including cattle loans, insurance, veterinary support, and advisory services.
