ANSWER

**THE MINISTER OF STATE IN THE
MINISTRY OF HOUSING AND URBAN AFFAIRS
(SHRI TOKHAN SAHU)**

- (a) to (f): Under Smart Cities Mission (SCM), out of Central Government's allocation of ₹48,000 Cr, the 100 cities selected under the mission have been able to claim Central Financial Assistance of ₹47,458 Cr (i.e. 99% of the total Central share allocation for cities). As reported by the States/UTs, as on 01.03.2026, amount of ₹46,326 Cr has been utilized (i.e. 98% of the total Central Financial Assistance released for the cities).**

Under SCM, a total 8,064 projects amounting to ₹1,64,811 Cr were taken up since inception of the mission, out of which 7,784 projects (97% of total projects undertaken) worth ₹1,56,159 Cr have been completed and 280 projects amounting to ₹8,652 Cr are at implementation stage.

The objective of SCM was not the development of entire city but to follow an area-based development approach through retrofitting, redevelopment, greenfield development and a Pan-city initiative in which smart solutions are applied covering larger parts of the city, so as to create a replicable model.

NITI Aayog in its report titled 'Evaluation of Centrally Sponsored Schemes in Urban Transformation Sector and Skill Development' published in September 2025, has concluded that the SCM Mission has demonstrated strong relevance to India's Urban needs, with its objectives aligning with national development agendas and SDGs.

City/UT wise details of Central Financial Assistance claimed, utilized and status of projects under SCM is given at Annexure.

Annexure referred to in reply for part (a) to (f) of Lok Sabha Unstarred Question No. 4466 for answer on 19th March, 2026 regarding Overall Achievement of Smart Cities Mission.
