**Proposals/ requests/ suggestions/ representations, both formal and informal inter alia for provision of stoppage of trains are received from Members of Parliament, elected representatives, organizations/rail users etc. at various levels including Railway Board, Zonal Railways, Divisional Office etc. As receipt of such proposals/ requests/suggestions is a continuous and dynamic process, centralized compendium of such requests is not maintained. However, these are examined and action as found feasible and justified is taken from time to time, which is an on-going process.**

**Besides, provision of stoppages of train services, which is an on-going process, depends on the traffic justification, operational feasibility including availability of extra time on the section & availability of matching infrastructure such as Platform length etc.**
