- (e) whether the Government has conducted any third-party evaluation or impact assessment to measure employment generation, income enhancement and socio-economic empowerment under the said scheme in the said State and district and if so, the details and findings thereof?

ANSWER

THE MINISTER OF STATE (INDEPENDENT CHARGE) IN THE MINISTRY OF SKILL DEVELOPMENT AND ENTREPRENEURSHIP

(SHRI JAYANT CHAUDHARY)

(a) to (c) The Jan Shikshan Sansthan (JSS) Scheme under the Skill India Programme aims to provide skill training in a non-formal mode at the doorsteps of the beneficiary with 100% grant from the Government of India. The objective of the scheme is to increase the household income by promoting self/wage employment through skill development training. The target beneficiaries of the scheme are non-literates, persons having rudimentary level of education and school dropouts up to class 12th in the age group of 15-45 years. The priority groups are women (83%), SCs, STs, OBCs and minorities in the rural areas and urban low-income areas.

At present, there are 294 JSSs functional out of which 6 JSSs are operational in Assam including one JSS is operational in Cachar district of Assam. The details of same is given at **Annexure-I**.

The total number of candidates trained and certified under the said scheme, category-wise (women, SC/ST, minorities, rural youth and other marginalised groups) during the last three years and the current year in the state of Assam is given at **Annexure-II** and details of courses offered under the JSS Scheme is attached at **Annexure-III**.

(d) The details of funds released in the state of Assam under the Jan ShikshanSansthan scheme from FY 2022-23 to 31st December,2025 is given at **Annexure-IV**.

(e) Yes, Sir. A Third-Party Evaluation of the Jan ShikshanSansthan (JSS) Scheme for the period 2021–2026 was conducted by the ArunJaitley National Institute of Financial Management (AJNIFM) in 2025, which indicates a positive impact on employment and income levels of beneficiaries. The evaluation found that about 82% of trained beneficiaries became gainfully engaged within six months of completing training, while around 90% reported utilising the acquired skills for income-generating activities.

Further, the study recorded a significant increase in the average monthly income of beneficiaries and also reported enhanced confidence, digital literacy, financial literacy, and preparedness for livelihood opportunities. These findings indicate that the scheme has contributed significantly to enhancing employability, promoting self-employment and improving household incomes, particularly among women and socio-economically disadvantaged / marginalised groups.
