

GOVERNMENT OF INDIA  
MINISTRY OF AGRICULTURE AND FARMERS WELFARE  
DEPARTMENT OF AGRICULTURE AND FARMERS WELFARE

**LOK SABHA**  
**UNSTARRED QUESTION NO. 592**  
TO BE ANSWERED ON 03<sup>RD</sup> FEBRUARY, 2026

**HORTICULTURE PRODUCTION IN RAJASTHAN**

592. SMT. MANJU SHARMA:

Will the Minister of AGRICULTURE AND FARMERS WELFARE कृषि एवं किसान कल्याण मंत्री be pleased to state:

- (a) whether the Government has assessed the horticulture production potential across the States and if so, the details thereof, State/Union Territory-wise;
- (b) the details of the area under horticulture, its productivity, yield and production capacity, State/Union Territory-wise including that of Rajasthan;
- (c) the details of the funds allocated, released and utilised under the Mission for Integrated Development of Horticulture during the last three years along with the details thereof in Rajasthan, State/Union Territory and district-wise; and
- (d) the steps taken by the Government to ensure payment of remunerative prices to farmers for their horticultural produce?

**ANSWER**

MINISTER OF STATE FOR AGRICULTURE AND FARMERS WELFARE  
कृषि एवं किसान कल्याण राज्य मंत्री (SHRI RAMNATH THAKUR)

- (a): According to the Working Group report on Crop Husbandry, Agriculture Inputs, Demand & Supply, 2024 by NITI Aayog, there is a vast potential to improve production of major food commodities including fruits and vegetables in the country by bridging the yield gaps.
- (b): The details of State/UT-wise area, production and productivity/yield of Horticultural crops in the country including State of Rajasthan for the years 2021-22, 2022-23, 2023-24 and 2024-25 (Third Advance Estimates) are given in **Annexure-1**.
- (c): The details of the funds allocated, released and utilised under the Mission for Integrated Development of Horticulture during the last three years along with the details thereof in Rajasthan, State/Union Territory-wise are given in **Annexure-2**. However, district-wise allocation is being done by the States/UTs as per their requirement and potential.
- (d): Steps taken by the Government to ensure remunerative prices to the farmers producing horticulture crops are as under:
  - i. Assistance is provided for development of infrastructure for post harvest management and marketing such as storages, wholesale markets, rural primary markets, Kisan Mandies, etc.

- ii. Facilitating direct marketing, contract farming and setting up of private markets, farmer consumer markets and e-markets.
- iii. Providing market information to farmers on prices and arrivals of agricultural commodities in regulated markets on AGMARKNET portal to enable the farmers to get better remunerative prices.
- iv. **Implementing Market Intervention Scheme (MIS):** Government is implementing the Market Intervention Scheme (MIS), as a part of the integrated scheme PM-AASHA, for protecting farmers from the distress sale of perishable agricultural and horticultural commodities, which are not covered under the Minimum Support Price (MSP). The Scheme has the following three provisions for supporting Horticulture Farmers whenever the prices are non-remunerative:
  - **Procurement under MIS:** On the receipt of request from the concerned State/UT Administration, Government gives sanction for the procurement of a predetermined quantity at the fixed Market Intervention Price (MIP) by the agencies designated by the State Government for a fixed period or till the prices are stabilized above the MIP whichever is earlier. Under Market Intervention Scheme (MIS), Central Share of losses, if any (at 50:50 basis for general States and 75: 25 basis for NE States), incurred in implementing MIS is released to the State procuring agencies as per the specific proposals received from the State Governments.
  - **MIS-PDPS:** This component of the Scheme provides for making Price Deficiency Payment for horticulture crops whenever the market prices falls below the Market Intervention Price, where the State Government does not have to do any physical procurement.
  - **Transportation and storage subsidy for Tomato, Onion and Potato (TOP) crops:** This component makes provision for providing transportation and storage subsidy to Central Nodal Agencies and State designated agencies for procurement of TOP crops from farmers where prices are below MIP and transport it to other locations where prevailing prices are high.

Statement Annexed to part (b) of Lok Sabha Unstarred Question No. 592 due for answer on 3<sup>rd</sup> February, 2026 regarding 'Horticulture Production in Rajasthan'

## States/UTs-wise Area, Production and Productivity/Yield of Horticulture Crops

(Area: A in '000 Ha, Production: P in '000 MT, Productivity or Yield (Y)=Production/ Area in MT/Ha)
