

**GOVERNMENT OF INDIA
MINISTRY OF PLANNING**

**LOK SABHA
UNSTARRED QUESTION NO. 6144
TO BE ANSWERED ON 01.04.2026**

PRODUCTION-LINKED INCENTIVE SCHEME

6144. SHRI HARIBHAI PATEL:

Will the Minister of PLANNING be pleased to state:

- (a) the details and main objective of the Production-Linked Incentive Scheme run by the Government;**
- (b) whether the objective of the Production-Linked Incentive Scheme has been achieved by the Government for each State and if so, the details thereof, State-wise; and**
- (c) the details of the data received for Production-Linked Incentive Scheme and financial incentives for increased domestic manufacturing and sales, State-wise?**

ANSWER

MINISTER OF STATE (INDEPENDENT CHARGE) OF THE MINISTRY OF STATISTICS AND PROGRAMME IMPLEMENTATION; MINISTER OF STATE (INDEPENDENT CHARGE) OF THE MINISTRY OF PLANNING AND MINISTER OF STATE IN THE MINISTRY OF CULTURE

(RAO INDERJIT SINGH)

(a) The Production Linked Incentive (PLI) Scheme was launched by the Government of India in across 14 key sectors with an overall approved outlay of about ₹1.97 lakh crore, with the objective of strengthening India's manufacturing ecosystem, enhancing exports, and making the

country a global manufacturing hub. The scheme provides financial incentives to eligible companies on incremental production/sales of goods manufactured in India over a defined base year, thereby encouraging scale, efficiency, and global competitiveness. The 14 sectors covered under the PLI Scheme are as follows:

- i. Large Scale Electronics Manufacturing**
- ii. IT Hardware**
- iii. Telecom and Networking Products**
- iv. Pharmaceuticals Drugs**
- v. Medical Devices**
- vi. Critical Key Starting Materials/ Drug Intermediaries and Active Pharmaceutical Ingredients**
- vii. Automobiles and Auto Components**
- viii. Advanced Chemistry Cell (ACC) Battery**
- ix. Textile Products: MMF segment and Technical Textiles**
- x. Food Products**
- xi. High Efficiency Solar PV Modules**
- xii. White Goods (ACs and LED)**
- xiii. Specialty Steel**
- xiv. Drones and Drone Components**

(b) & (c) The PLI Scheme is designed as sector-specific, pan-India initiatives, and incentives are linked to incremental production/sales and performance of eligible companies rather than being State-specific. The scheme has led to significant investments, production, and employment generation across multiple States/UTs.

As on 31.12.2025, the PLI Scheme has led to investment of over ₹2.16 lakh crore, incremental production/sales exceeding ₹20.41 lakh crore, and generation of over 8.49 lakh employment opportunities, with cumulative incentive disbursement of ₹28,748 crore.

While the scheme has contributed to strengthening manufacturing ecosystems across the country, State-wise assessment of achievement is not centrally maintained.
