# GOVERNMENT OF INDIA
## MINISTRY OF PARLIAMENTARY AFFAIRS

## LOK SABHA
## UNSTARRED QUESTION NO. –779
## ANSWERED ON 04.02.2026

### Constitution of the Consultative Committee (CCMS)

779   Shri Pradeep Kumar Singh:
Shri Vishnu Dayal Ram:
Smt. Vijaylakshmi Devi:

Will the Minister of PARLIAMENTARY AFFAIRS be pleased to state:

a) the details of the latest number of ministries and advisory committees onboarded on the Consultative Committee Management System (CCMS) portal as on date;
b) the details of the number of MPs actively using the CCMS portal and the status of documents, agenda notes and minutes distributed digitally through the portal;
c) whether it has been assessed in the manner of which effectively CCMS has reduced delays, paperwork and administrative costs and if so, the details thereof; and
d) whether any steps are proposed to improve the portal with additional features to  further enhance accessibility, data security and real-time coordination between stakeholders and if so, the details thereof ?

### ANSWER

**MINISTER OF STATE (INDEPENDENT CHARGE) IN THE MINISTRY OF LAW AND JUSTICE; AND MINISTER OF STATE IN THE MINISTRY OF PARLIAMENTARY AFFAIRS**
**(SHRI ARJUN RAM MEGHWAL)**

(a) to (d)        After the constitution of 18th Lok Sabha, the Consultative Committee Management System (CCMS) portal  was launched by the Ministry of Parliamentary Affairs. 42 Consultative Committees (Advisory Committees) have been constituted whose composition may be seen on the Consultative Committee Management System (CCMS) portal at https://oams.nic.in/ccms/Index.aspx. The portal helps in smooth communications and exchange of documents viz agenda notes, minutes of the meeting etc. among the stakeholders. So as to make necessary improvement of the portal and catering to the needs of the stakeholders, necessary reviews/initiatives are taken by the Ministry from time to time.

The portal is meant to reduce delays, paperwork and administrative cost considerably as all activities to be done in paperless manner. Various steps have been taken from time to time for improving the utilities of the portal, ensuring its accessibility, data security and real time co-ordination among stakeholders.
