

**GOVERNMENT OF INDIA
MINISTRY OF ROAD TRANSPORT AND HIGHWAYS**

**LOK SABHA
UNSTARRED QUESTION NO-9
ANSWERED ON 29TH JANUARY, 2026**

BLACK SPOTS ON NHs IN CHURU, RAJASTHAN

9. SHRI RAHUL KASWAN:

Will the Minister of ROAD TRANSPORT AND HIGHWAYS

सड़क परिवहन और राजमार्ग मंत्री

be pleased to state:

- (a) whether a large number of black spots have been identified in Rajasthan on National Highways (NHs);**
- (b) if so, the details thereof particularly in Lok Sabha Constituency of Churu;**
- (c) the various steps being taken by the Government to eliminate such black spots in the State;**
- (d) whether a new such black spot has emerged in Churu district; and**
- (e) if so, the name of the place where it has been identified and the time by which it is likely to be repaired?**

ANSWER

THE MINISTER OF ROAD TRANSPORT AND HIGHWAYS

(SHRI NITIN JAIRAM GADKARI)

- (a) to (c) Government in Ministry of Road Transport and Highways has identified 671 number of black spots on National Highways (NHs) in the State of Rajasthan, in the black spot series 2017-19, 2018-20, 2019-21 and 2020-22. Out of these, 06 number of black spots have been identified on NHs in the Churu District. Government**

has taken steps for immediate short-term measures on such black spots like road markings, signages, crash barriers, road studs, delineators, closure of unauthorized median openings, traffic calming measures, etc. Long-term measures like improvement of road geometrics, junction improvements, spot widening of carriageway, construction of underpasses/overpasses, etc. are also taken on such black spots as per site investigations as permanent rectification measures.

(d) & (e) Based on latest black spot data, one new black spot has been identified in the Churu District, on NH-11. Rectification of black spots is a continuous process and rectification works are taken up based on road safety audit report/detailed project report and site conditions. Temporary measures have been completed at the newly identified black spot. Long-term rectification works which involve various pre-construction activities such as land acquisition, forest clearance & utility shifting, to be taken up as per the outcome of Detailed Project Report (DPR).
