**MINISTER OF STATE IN THE MINISTRY OF RAILWAYS**

**(SHRI MANOJ SINHA)**

**(a) & (e) : Some cases of cornering/black marketing of train tickets by touts and involvement of travel agencies in black marketing of train tickets do come to notice at the time of surprise inspection and preventive checks conducted at reservation offices. To curb the activities of touts, preventive checks are conducted in and around reservation offices in association with Commercial, Vigilance and Security Departments.**

**Apart from conducting surprise inspection and preventive checks in and around reservation offices, following steps have also been taken to curb the activities of touts:-**

- **Surveillance at reservation offices has been stepped up by installing Close Circuit Television at important Passenger Reservation System locations.**
- **Booking pattern at reservation offices is also monitored for detecting unusual pattern and fraudulent activities, if any.**
- **Carrying of prescribed original Identity Proof has been made compulsory for one of the passengers while undertaking journey in reserved class.**
- **To meet the additional demand of reserved accommodation, especially during festivals and peak rush periods, special trains are run, carrying capacity of existing trains is augmented depending upon the pattern of traffic, operational feasibility and availability of resources.**
- **General public are also educated through Public Address System and media, not to buy tickets from touts/unscrupulous elements and consequences of buying tickets from these sources.**
- **To curb malpractices by Railway staff in connivance with touts in fraudulent cornering of seats, checks are conducted in booking offices, reservation offices, trains etc. Stringent action is taken against the Railway staff under Disciplinary and Appeal Rules, if found indulging in malpractices.**

**(b) : Yes, Madam.**

**(c) & (d): During the course of preventive checks conducted on Central Railway, two cases were detected in which unauthorized rail tickets were being sold through illegal software.
