ANSWER

THE MINISTER OF STATE FOR POWER, COAL & NEW AND RENEWABLE ENERGY (INDEPENDENT CHARGE) (SHRI PIYUSH GOYAL)

**(a)&(b):** United States has filed a petition DS-456 with WTO concerning certain measures relating to domestic content requirement for solar cells and modules in some tenders under the National Solar Mission (NSM). United States has claimed that the domestic content requirement clause appears to be inconsistent with (i) Article III : 4 of the GATT 1994 (ii) Article 2.1 of the TRIMs agreement and (iii) Article 3.1(b), 3.2, 5(c), 6.3(a) & (c) and 25 of the SCM agreement. India has claimed derogation under GATT Article III:8(a).

**(c):** The case is being defended by the concerned authorities in Ministry of Commerce.
