(a) to (e): The Integrated Action Plan (IAP) for Selected Tribal and Backward Districts was in operation from 2010-11 to 2012-13. From 2013-14, assistance was provided to 88 districts under the scheme “Additional Central Assistance (ACA) for Left Wing Extremism (LWE) Affected Districts” including the 82 IAP districts. During the period 2012-13 to 2014-15, an amount of Rs. 5219 crore was released against which the States have reported an expenditure of Rs. 6110 crore (including spillover from previous years). The State-wise details of funds released and utilized and the physical targets set and achieved during each of the last three years is at Annexure I & II. The works taken up by the State Governments under the programme included village roads, drinking water facilities and sanitation, school buildings/school infrastructure, anganwadi centres etc. There is no allocation for this programme in Budget 2015-16.

The utilization of funds was being monitored very closely at different levels. The State Level Committee headed by Chief Secretary / Development Commissioner of each State was entrusted with the responsibility of monitoring at the State level. Besides statutory audit at the district level, the districts have maintained the block wise inventory of assets created under the programme. Information on physical and financial progress was also posted on the MIS developed for the scheme to ensure transparency. At the Central Level, erstwhile Planning Commission / NITI Aayog took periodical reviews with the State Governments to ensure that assets / infrastructure created under the programme were actually utilized.
