ANSWER

पेट्रोलियम और प्राकृतिक गैस मंत्रालय में राज्य मंत्री (स्वतंत्र प्रभार)

(श्रीधर्मन्द्रप्रधान)

MINISTER OF STATE (INDEPENDENT CHARGE) IN THE MINISTRY OF PETROLEUM & NATURAL GAS (SHRI DHARMENDRA PRADHAN)

(a): The details of existing City Gas Distribution Networks across the country including the number of households/industrial units covered in each of the cities under this network along with the rates of PNG/CNG, State/UT-wise is at **Annexure-I**.

(b) to (d): Under the Petroleum & Natural Gas Regulatory Board (PNGRB) Act, 2006, PNGRB is the statutory authority to grant licenses for the development of City Gas Distribution (CGD) network which includes PNG/CNG network. Requests are received from various State Governments from time to time.

Based on these requests, PNGRB has been considering the entire district as a Geographical Area (GA) for development of CGD network so that PNG/CNG can be made available to small cities/rural population also. PNGRB has notified the relevant regulatory framework for processing Expression of Interest (EoI) submitted by interested entities to develop CGD networks in any part of country. Subsequently, PNGRB grants license for developing CGD network through competitive bidding process. The GAs are included in bidding rounds in a phased manner depending on the natural gas pipeline connectivity/natural gas availability and feasibility for grant of authorization to develop CGD network in the country. PNGRB has concluded 05 rounds of CGD bidding for award of development of CGD networks in different parts of the country including Maharashtra. At present, Jharkhand is not connected with any gas pipeline.

(e): Government has prioritized domestic gas allocation for CGD entities and has also issued guidelines wherein the entire requirement of CGD entities for PNG (domestic) is being met through domestic gas.
