#### GOVERNMENT OF INDIA MINISTRY OF HEALTH AND FAMILY WELFARE DEPARTMENT OF HEALTH AND FAMILY WELFARE

#### LOK SABHA UNSTARRED QUESTION NO.2154 TO BE ANSWERED ON 11<sup>TH</sup> DECEMBER, 2015

#### TRIBAL HEALTHCARE

### 2154. SHRI KAMAKHYA PRASAD TASA: SHRI B. SRIRAMULU: SHRI AJAY NISHAD: DR. SUBHASH BHAMRE: SHRI VISHNU DAYAL RAM: SHRI RAM MOHAN NAIDU KINJARAPU: SHRIMATI MEENAKASHI LEKHI: SHRI NISHIKANT DUBEY:

Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether the Government has undertaken any study/survey regarding the health indicators of tribals and the status of tribal healthcare in the country, if so, the details and outcomes thereof along with the aberrations noticed therein;

(b) whether the Government is aware that infrastructural challenges to the tribal healthcare, shortages of doctors and medical personnel and the paucity of health related knowledge among tribals are the reasons due to which they exhibit signs of poor nutritional status, higher levels of morbidity and mortality and reduced utilization of ante-natal and post-natal services;

(c) if so, the details thereof and the reaction of the Government thereto along with the remedial measures taken/being taken by the Government in this regard;

(d) the number of public health centres and sub-centres functioning in the tribal areas along with the funds sanctioned, released and utilized for tribal healthcare during each of the last three years and the current year, State/UT-wise; and

(e) the details of the schemes formulated/being formulated by the Government to provide free/affordable healthcare services to the tribal population?

### ANSWER THE MINISTER OF HEALTH AND FAMILY WELFARE (SHRI JAGAT PRAKASH NADDA)

(a) & (b): National surveys such as National Family Health Survey (NFHS), District Level

Contd.....

Household Survey (DLHS), Annual Health Survey (AHS), National Sample Survey (NSSO), Sample Registration System (SRS), and Rural Health Statistics (RHS) and the Population Census undertaken by the Government capture some information on tribal health.

The information regarding some health indicators including nutrition and utilisation of antenatal and post-natal services by scheduled tribes are at Annexure-I-A and IB respectively.

(c): Public Health being a State subject, the primary responsibility to provide affordable health care services to the people including tribal population lies with State/UT Governments. However, under the National Health Mission (NHM), support is provided to States/UTs to strengthen their health systems including for setting up/upgrading public health facilities, augmenting health human resource on contractual basis for provision of equitable, affordable healthcare to all its citizens particularly the poor and vulnerable population including tribal population based on requirements posed by the States in their Programme Implementation Plans. Under NHM, all tribal majority districts whose composite health index is below the State average have been identified as High Priority Districts (HPDs) and these districts are to receive more resources per capita under the NHM as compared to the rest of the districts in the State. These districts also receive focused attention and supportive supervision. Norms for infrastructure, Human resource, ASHAs, MMUs etc. under NHM are relaxed for tribal and hilly areas.

(d): The number of Sub-Centres, Primary Health centres (PHCs) and Community Health Centres (CHCs) functioning in tribal areas as per Rural Health Statistics, 2015 is at Annexure-II.

The State/UT wise details of funds sanctioned, released and utilized for upgradation/strengthening of CHCs, PHCs, District Hospitals, & New Constructions/ Renovation during each of the last three years and the current year is at Annexure –III.

(e): As mentioned above, Public Health being a State subject, the primary responsibility to provide affordable health care services to the people including tribal population lies with State/UT Governments. However, under the National Health Mission (NHM), support is provided to States/UTs to strengthen their health systems for provision of free and affordable healthcare to all its citizens including tribal population based on requirements posed by the States in their Programme Implementation Plans.
