- (d) whether the Government is likely to provide any subsidy or incentive to promote Home insurance in the country; and
- (e) if so, the details thereof?

ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE
(SHRI JAYANT SINHA)

(a) to (e): Subscription to house insurance is low in India. Lack of awareness would be one of the factors behind it. In India, generally Banks/Financial institutions stipulate insurance for houses financed by them. Insurance education may help consumers to understand their needs, risks, and the benefits of purchasing insurance for managing their risks. Insurance industry is constantly endeavoring to educate people about the necessity of insurance through print and visual media. Insurance Regulatory and Development Authority of India (IRDAI), as insurance sector regulator, along with General Insurance Council is conducting Pan India advertising campaign to promote insurance awareness and increase insurance penetration in the country. Presently, there is no proposal under consideration to provide subsidy or incentive to promote home insurance in the country.
