(a) & (b): Catering services in long distance and premium trains are being provided in accordance with the provisions of Catering Policy, 2010. However, in pursuit of Railways' objective to provide quality food of different variety to passengers, it has been announced in Rail Budget 2016-17 that Indian Railway Catering and Tourism Corporation (IRCTC) would begin to manage catering services in a phased manner. It has also been decided that IRCTC would unbundle catering services by creating a distinction between food preparation and food distribution. The other important announcements made in this year's Budget Speech inter-alia include addition of 10 IRCTC operated mechanized and sophisticated base kitchens, extension of e-catering services from existing 45 large stations to all 'A-1' and 'A' class stations, introduction of multi-purpose stalls at stations and exploring the possibility of making mandatory catering services optional in trains. To ensure the desired level of quality in catering services, third party audit has been mandated in the Budget pronouncement. Enforcement of reservation for Scheduled Castes, Scheduled Tribes, Other Backward Classes, Women, Divyang etc in catering and other minor units has been stipulated in the Budget. For women empowerment, a sub-quota of 33% for women in each of the reserved categories has also been announced along with giving weightage to district domicile holders for commercial licenses at Railway station. Announcement has also been made in the Rail Budget to ensure availability of children's menu items including baby food, hot milk and hot water in trains as well as at stations.
