

(a) whether it is a fact that the capital investment in domestic private sector and the public sector has declined in the country for the last several years; and

(b) if so, the amount of capital invested in private sector and public sector in the country during each financial year from 2010-12 to 2014-15?

### ANSWER

MINISTER OF STATE IN THE MINISTRY OF FINANCE

(SHRI JAYANT SINHA)

(a) and (b): The information on Gross Capital Formation (GCF), also known as investment, based on the new series of national accounts (base year=2011-12), is available only from the year 2011-12. Based on the estimates published by the Central Statistics Office, GCF at current prices in the public sector and private sector is given in the following table.

<b>Gross Capital Formation at Current Prices ( RS. crore)</b>				
	<b>2011-12</b>	<b>2012-13</b>	<b>2013-14</b>	<b>2014-15</b>
Public Sector	658442	717203	803345	923941
Private Sector	2546031	2816572	2940946	3140981
Source: Central Statistics Office. <i>Note: Public sector includes public financial and non-financial corporations and the general government. Private sector includes private financial and non-financial corporations and households.</i>				

GCF in the public sector increased from Rs. 658442crore in 2011-12 to Rs. 923941crore in 2014-15. GCF in the private sector increased from Rs. 2546031crore in 2011-12 to Rs. 3140981 crore in 2014-15.
