**ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND

(SHRI FAGGAN SINGH KULASTE)**

(a) & (b): As per the information made available by State/UT Governments to the Food Safety and Standards Authority of India (FSSAI), the state-wise details of samples of food articles collected, tested, found not conforming to the prescribed standards and action taken during last three years, are at **Annexure-I, II & III**.

(c) to (e): In order to pay a focused attention to the adulteration of milk and milk products, a special cell has been created in the FSSAI. The FSSAI had organized an interface between the wholesale consumers of milk and milk products including major mithaiwalas, and testing equipment/ kit manufacturers to ensure the quality of milk and milk products used/ purchased/ supplied by them. After shortlisting by the Special Cell, the FSSAI has in the month of April, 2016, distributed rapid milk testing equipment [Electronic Milk Adulteration Tester (EMAT) with Milk Analyser] to three States/UTs i.e. Delhi, Uttar Pradesh and UT of Chandigarh on pilot basis. The Cell is presently coordinating with the States to check adulteration of milk and milk products.
