- (b) whether the quantity of spices released for domestic consumption is sufficient to meet the demand;
- (c) if not, the manner in which the Government proposes to meet the demand of the domestic market for the local consumers; and
- (d) the procedure adopted by the Government to strike a balance between the demand for domestic consumption and the demand of the foreign markets?

**ANSWER**

वाणिज्य एवं उद्योग राज्य मंत्री (श्रीमती निर्मला सीतारमण) (स्वतंत्र प्रभार)

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY  
(INDEPENDENT CHARGE)  
(SMT. NIRMALA SITHARAMAN)

(a) to (d) : The annual production of spices in the country is around 6 million tones, out of which about 12 to 14% is exported while the rest is available for domestic consumption. Government implements several programmes for increasing production and availability of spices such as Cardamom through the Spices Board and other spices through the State Horticulture Missions under the Mission for Integrated Development of Horticulture (MIDH). While on one hand, programmes aimed at increasing production and ensuring remunerative prices to farmers through pre and post harvest management and support activities are undertaken, on the other hand, the industry is assisted through adoption of upgraded technology in spice processing, setting up of quality evaluation labs, quality certification and making them available for exports.
