The Government has taken several steps to effectively tackle the issue of black money. Such measures include policy-level initiatives, more effective enforcement action on the ground, putting in place robust legislative and administrative frameworks, systems and processes with due focus on capacity building and integration of information and its mining through increasing use of information technology. Recent major initiatives in this regard include – (i) Constitution of the Special Investigation Team (SIT) on Black Money under Chairmanship and Vice-Chairmanship of two former Judges of Hon'ble Supreme Court, (ii) Enactment of a comprehensive law – 'The Black Money (Undisclosed Foreign Income and Assets) and Imposition of Tax Act, 2015' which has come into force w.e.f. 01.07.2015 to specifically and more effectively deal with the issue of black money stashed away abroad, (iii) Constitution of Multi-Agency Group (MAG) consisting of officers of Central Board of Direct Taxes (CBDT), Reserve Bank of India (RBI), Enforcement Directorate (ED) and Financial Intelligence Unit (FIU) for investigation of recent revelations in Panama paper leaks, (iv) Proactively engaging with foreign governments with a view to facilitate and enhance the exchange of information under Double Taxation Avoidance Agreements (DTAAs)/Tax Information Exchange Agreements (TIEAs)/Multilateral Conventions, (v) While focusing upon non-intrusive measures, due emphasis on enforcement measures in high impact cases with a view to prosecute the offenders at the earliest for credible deterrence against tax evasion/black money, (vi) Proactively furthering global efforts to combat tax evasion/black money, *inter alia*, by joining the Multilateral Competent Authority Agreement in respect of Automatic Exchange of Information (AEOI) and having information sharing arrangement with USA under its Foreign Account Tax Compliance Act (FATCA), (vii) Enabling attachment and confiscation of property equivalent in value held within the country where the property/proceeds of crime is taken or held outside the country by amending the Prevention of Money-laundering Act, 2002 through the Finance Act, 2015, (viii) Introduction of the Benami Transactions (Prohibition) Amendment Bill, 2015 to amend the Benami Transactions (Prohibition) Act, 1988 with a view to, *inter alia*, enable confiscation of Benami property and provide for prosecution, (ix) Initiation of the information technology based 'Project Insight' by the Income Tax Department for strengthening the non-intrusive information driven approach for improving tax compliance and effective utilization of available information, (x) Legislative measures including amendments in the Income-tax Act, 1961.
