(c). Strengthening and streamlining of Targeted Public Distribution System (TPDS) is a continuous endeavour. To improve functioning of TPDS and effective implementation of it, Government has been regularly issuing advisories and holding meetings, conferences, etc. wherein State/UT Governments are requested for review of list of beneficiaries, improving the offtake of allocated foodgrains, ensuring timely availability of foodgrains at Fair Price Shops (FPSs), greater transparency in functioning of TPDS, improved monitoring and vigilance at various levels, improving the viability of FPS operations, etc. The National Food Security Act (NFSA), 2013 also contains measures for reforms in TPDS, to be under taken progressively by the Central and State/UT Governments. These reforms include cash transfer, door-step delivery of foodgrains at the FPS, application of information and communication technology tools including end to end computerization preference to public institutions/bodies in licensing of FPS,etc.

With a view to reform and modernize the Targeted Public Distribution System (TPDS), Government has initiated a plan scheme on 'End-to-end Computerization of TPDS Operations during 12th Five Year Plan (2012-17) on cost sharing basis with the States/UTs. The Costs are being shared on 90:10 basis with North Eastern States and on 50:50 basis with other States/UTs. This scheme comprises activities, namely, digitization of ration cards/beneficiary and other databases, computerization of supply-chain management, setting up of transparency portals and grievances redressal mechanism. As part of beneficiary data digitization, States/UTs have been requested to seed the Aadhaar numbers wherever available so as to weed out the ineligible/bogus/duplicate beneficiaries. Further, guidelines for Fair Price Shop (FPS) automation have been sent to All States/UTs on 11.11.2014. FPS automation involves, installation of Point of Sale (PoS) devises at FPS for biometric authentication of beneficiaries, recording of sales to beneficiaries at the FPS, and uploading of transaction data in central server. In addition, States/UTs can implement cash transfer scheme in their States/UTs. Under the scheme, the subsidy will be credited in the bank accounts of beneficiaries who may buy foodgrains from anywhere in the market.
