- (b) if so, the details thereof, fertilizer-wise ; and
- (c) the details of actual annual requirement, actual annual production and the quantum of fertilizers imported every year to meet the requirement of fertilizers in the country during the last three years?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF CHEMICALS & FERTILIZERS,
SHIPPING, ROAD TRANSPORT & HIGHWAYS

(SHRI MANSUKH L MANDAVIYA)

(a)&(b): Department of Fertilizers is mandated to provide all subsidized chemical fertilizers to the States/UTs as per requirement projected by the Department of Agriculture, Cooperation & Farmers Welfare (DAC&FW) in consultation with States. In order to meet the gap between domestic demand and indigenous production urea is imported. In the year 2015-16, domestic production of urea was the highest ever. Import is going to reduce gradually as production of urea increases.

(c): The details of annual requirement/demand, production and import of major fertilizers during the last three years are given below:-
