In order to complement and supplement the efforts made by the States to enhance milk production and productivity of bovines Government of India has been implementing National Programme for Bovine Breeding & Dairy Development from 2014-15 by merging four existing schemes namely National Project for Cattle and Buffalo Breeding; Integrated Dairy Development Programme; Strengthening Infrastructure for Quality & Clean Milk Production and Assistance to Cooperatives to improve and upgrade the genetic makeup of bovines with the aim of enhancing their production and productivity; and development of dairy infrastructure for improved procurement, processing and marketing.
