

GOVERNMENT OF INDIA
MINISTRY OF AGRICULTURE AND FARMERS WELFARE
DEPARTMENT OF AGRICULTURE, COOPERATION AND FARMERS WELFARE

LOK SABHA
UNSTARRED QUESTION NO.289
TO BE ANSWERED ON THE 19TH JULY, 2016

IMPACT OF AGRO-CHEMICALS

289. SHRI RAJU SHETTY:

Will the Minister of AGRICULTURE AND FARMERS WELFARE कृषि एवं किसान कल्याण मंत्री be pleased to state:

- (a) whether any assessment has been made by the Government regarding the impact of agro-chemicals on the targeted pests and subsequently on production of foodgrains, vegetables and fruits;
- (b) if so, the details thereof; and
- (c) the steps taken/being taken by the Government to regulate the usage of inorganic chemicals and promote biological pest control measures in cultivation?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE AND FARMERS WELFARE

कृषि एवं किसान कल्याण मंत्रालय में राज्य मंत्री (SHRI SUDARSHAN BHAGAT)

(a) & (b): Ministry of Agriculture and Farmers Welfare has started a central sector scheme, "Monitoring of Pesticide Residues at National level" under which samples of food commodities are collected and analysed for the presence of pesticide residues. The detail of samples analysed during the year 2015-16 is at Annexure I.

(c): The Government is implementing "Strengthening and Modernization of Pest Management Approach in India" through 35 Central Integrated Pest Management Centres (CIPMCs) of Directorate of Plant Protection Quarantine and Storage established across the country with an aim to promote Integrated Pest Management (IPM) approach. CIPMCs inter alia, produce biological agents for release in the fields, conserve natural bio-control agents, promote bio-pesticides as an alternative to chemical pesticides and advocate judicious and safe use of chemical pesticides as a last resort. These activities are implemented through Farmers Field Schools (FFSs), 2 days and 5 days training programmes and season long training program for State Agriculture Extension officers and

NGOs / Private Bodies. A 'Grow Safe Food' campaign has been initiated to carry the message of safe and judicious use of pesticides to farmers and other stakeholders. A simple message related to five essential principles of judicious pesticide use - application of pesticides on the right crop, against pests for which the pesticide has been approved, at the right time, in approved doses, and as per approved method of application - is sought to be disseminated in regional languages in Gram Panchayats and rural areas. Package of practices for control of pests and diseases in 79 crops have been revised to include techniques to reduce dependence on chemical pesticides and encourage use of bio-pesticides and other alternative plant protection measures.

ANNEXURE- I

DETAILS OF THE SAMPLES ANALYSED DURING THE YEAR 2015-16

S.No.	Commodity	Samples Analyzed	Samples found above FSSAI MRL
1.	Food Grains (Rice and Wheat)	1955	157 (8%)
2.	Vegetables	11551	339 (2.9%)
3.	Fruits	2358	30 (1.27%)
