ANSWER

MINISTER OF STATE IN THE MINISTRY OF HEAVY INDUSTRIES AND PUBLIC ENTERPRISES (SHRI BABUL SUPRIYO)

(a): Heavy Engineering Corporation (HEC), Ranchi, has informed that the loss /profit earned by the Company in the last five years is as indicated in the table below:

(figures in crs of Rs)

	2010-11	2011-12	2012-13	2013-14	2014-15
Profit before extra-ordinary earnings and Tax	38.14	8.58	20.38	-151.74	-241.69
Profit after Tax	38.14	8.58	20.38	299.31	-241.69

(b) to (e): HEC has not gained a profit of Rs 29931 crore in 2013-14. HEC has informed that it had made **operational loss of Rs(-)151.74 cr** in 2013-14 and **Rs(-) 241.69 cr** in 2014-15 and that the **net profit of Rs 299.31cr made in 2013-14** is due to the fact that the reliefs /assistance that were received from Government of Jharkhand in terms of the approvals given by the Government in 2005 and 2008 for revival of HEC, were taken in the book of accounts of HEC in 2013-14.

Performance of HEC has deteriorated in the last five years due to acute problems on productivity front primarily due to the capacity constraints of the old plants and machineries which were mostly installed in the early 60s and due to acute shortage of working capital among other reasons. Government reviews the performance of companies under it and takes suitable corrective action from time to time.
