A N S W E R

MINISTER OF STATE FOR CONSUMER AFFAIRS, FOOD & PUBLIC DISTRIBUTION
(SHRI C. R. CHAUDHARY)

(a): This Department has been getting the functioning of Targeted Public Distribution (TPDS) evaluated by different agencies from time to time. Recently, an evaluation study of the functioning of TPDS has been got conducted through National Council of Applied Economic Research (NCAER) in respect of 6 States namely Assam, Bihar, Chhattisgarh, Karnataka, Uttar Pradesh and West Bengal. The evaluation study has revealed certain shortcomings/deficiencies in the functioning of TPDS such as inclusion/exclusion errors and leakages/ diversion of foodgrains, details of which are at Annex-I & II. The report received has been sent to the States concerned for taking necessary remedial measures to remove the deficiencies noticed in the functioning of TPDS.

In terms of the Public Distribution System (Control) Order, 2001, State/UT Governments are to review the lists of BPL and AAY families every year for the purpose of deletion of ineligible families and inclusion of eligible families. Similarly as per Clause 4 of the TPDS (Control) Order, 2015 State/UT Government shall make all endeavours to eliminate bogus or ineligible ration cards as a continuous exercise. The exercise of deletion of bogus/ineligible cards and inclusion of eligible families is a continuous process and State Governments are to periodically carry out the same.

(b) & (c): Strengthening and streamlining of Targeted Public Distribution System (TPDS) is a continuous endeavour. To improve functioning of TPDS and effective implementation of it, Government has been regularly issuing advisories and holding meetings, conferences, etc. wherein State/UT Governments are requested for review of list of beneficiaries, improving the offtake of allocated foodgrains, ensuring timely availability of foodgrains at Fair Price Shops (FPSs), greater transparency in functioning of TPDS, improved monitoring and vigilance at various levels, improving the viability of FPS operations, etc. The National Food Security Act (NFSA), 2013 also contains measures for reforms in TPDS, to be under taken progressively by the Central and State/UT Governments. These reforms include cash transfer, door-step delivery of foodgrains at the FPS, application of information and communication technology tools including end to end computerization preference to public institutions/bodies in licensing of FPS, etc.

(d) & (e): With a view to reform and modernize the Targeted Public Distribution System (TPDS), Government has initiated a plan scheme on 'End-to-end Computerization of TPDS Operations during 12th Five Year Plan (2012-17) on cost sharing basis with the States/UTs. The Costs are being shared on 90:10 basis with North Eastern States and on 50:50 basis with other States/UTs. This scheme comprises activities, namely, digitization of ration cards/beneficiary and other databases, computerization of supply-chain management, setting up of transparency portals and grievances redressal mechanism. Further, guidelines for Fair Price Shop (FPS) automation have been sent to All States/UTs on 11.11.2014. FPS automation involves, installation of Point of Sale (PoS) devices at FPS for biometric authentication of beneficiaries, recording of sales to beneficiaries at the FPS, and uploading of transaction data in central server.

The activity-wise progress in States/UTs as on 26.07.2016 is at Annex-III.

In order to identify and weed-out duplicate / ineligible beneficiaries from the TPDS, and to enable better targeting of food subsidies – Government is undertaking Seeding of Aadhaar number in ration cards / beneficiaries database in all the States and Union Territories.

For checking of leakages and diversions of foodgrains, Government is pursuing with all States and UTs to opt for Direct Cash Transfers of food subsidy (i.e. DBT for foodgrains) to eligible beneficiaries.
