GOVERNMENT OF INDIA
MINISTRY OF HEALTH AND FAMILY WELFARE
DEPARTMENT OF HEALTH AND FAMILY WELFARE

LOK SABHA
UNSTARRED QUESTION NO.2388
TO BE ANSWERED ON 13th FEBRUARY 2026

C-SECTION DELIVERY RATES

†2388 SHRI RAJKUMAR ROAT:

Will the Minister of **HEALTH AND FAMILY WELFARE** be pleased to state:

(a) the number of deliveries conducted in Government and private hospital along with the number of anaemic women among them during the last five year in Rajasthan, year-wise, hospital-wise and district-wise;

(b) the number cesarean section deliveries and normal deliveries conducted in all hospitals in Rajasthan during the last five years, year-wise and hospital-wise;

(c) whether the cesarean section delivery rates are higher in some hospitals and cesarean section deliveries are being preferred there and if so, the details thereof; and

(d) if not, the reason therefor?

ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE
(SMT. ANUPRIYA PATEL)

(a) & (b) The number of deliveries conducted in government and private hospitals in Rajasthan, year-wise, hospital-wise and district-wise from 2020-21 to 2024-25 is available at the link https://hmis.mohfw.gov.in/downloadfile?fileid=64. (Source-Health Management Information system)

(c) & (d) As per the report received from Rajasthan, the average C-section rate in the state is 17.5%, and in private health facilities is 29.6% during the last five years. The institutional deliveries rely on the clinical judgement of the treating doctors, considering complication that arise during the course of delivery, which varies from case to case.
