

**GOVERNMENT OF INDIA
MINISTRY OF CHEMICALS & FERTILIZERS
DEPARTMENT OF FERTILIZERS**

LOK SABHA

UNSTARRED QUESTION NO. 1021 TO BE ANSWERED ON 24.07.2026

Domestic Production of Fertilizers

1021: Shri Shyamkumar Daulat Barve:

Will the Minister of **CHEMICALS AND FERTILIZERS** be pleased to state:

- (a) whether the ongoing war between the US and Iran has impacted the import of Crude Oil, Liquefied Natural Gas, and Feedstock supplies necessary for domestic petrochemical and fertilizer production;
- (b) if so, the details thereof regarding the actual domestic production of major chemical fertilizers during the last five years and the specific production figures recorded so far in 2026, year-wise; and
- (c) the current gap between the actual national demand and total imports of fertilizers in 2026, alongside the strategic measures being undertaken by the Government to diversify import channels and secure the domestic supply buffer for the upcoming cropping seasons?

ANSWER

THE MINISTER IN THE MINISTRY OF CHEMICALS & FERTILIZERS

(SHRI JAGAT PRAKASH NADDA)

(a to c): In view of recent global supply chain disruptions, Department has undertaken measures to diversify import sources by exploring procurement opportunities from various countries through engagement with Indian missions abroad. These measures are aimed at strengthening the fertilizer supply chain, reducing vulnerabilities arising from global market disruptions and ensuring the uninterrupted availability of fertilizers in the country.

To mitigate the global disruptions and ensure uninterrupted supply of fertilizers, Long Term Agreements (LTA) have been finalized between Indian fertilizer companies and Saudi Arabian companies for the annual supply of about **31 LMT** of DAP to India. Similarly, Indian fertilizer companies have entered into agreements with Russian suppliers for the import of about 26.50 LMT of DAP/NPK fertilizers in this year. Moreover for supply of MOP, Indian companies have finalized agreements for 4.80 LMT in this year from Russia, Germany and Turkmenistan.

The details of domestic and imported Natural gas consumption and details of Import of Crude Oil is at **Annexure-I**. Further, the details of major chemical fertilizers produced in the country during the last five years and the imports of Urea, DAP, MOP, NPK for the year 2025-26 is at **Annexure-II**.

Also, following measures are taken by the Government every season for ensuring timely, adequate and uninterrupted supply of fertilizers in the country:

- i. Before the commencement of each cropping season, Department of Agriculture and Farmers Welfare (DA&FW), in consultation with all the State Governments, assesses the State-wise & month-wise requirement of fertilizers.
- ii. On the basis of requirement projected by DA&FW, D/o Fertilizers allocates adequate quantities of fertilizers to States by issuing monthly supply plan and continuously monitors the availability.
- iii. The movement of all major subsidized fertilizers is monitored throughout the country by an on-line web-based monitoring system called integrated Fertilizer Management System (iFMS).
- iv. Regular Weekly Video Conference is conducted jointly by DA&FW and D/o Fertilizers with State Agriculture Officials and corrective actions are taken to dispatch fertilizers as indicated by the State Governments.
- v. The distribution of fertilizers within the State is done by the respective State Government.

Accordingly, the availability of fertilizers has remained adequate in the country during the last five year i.e 2021-22, 2022-23, 2023-24, 2024-25, and 2025-26. The information regarding requirement, availability and sales of fertilizers in the country during the said period is placed at **Annexure-III**.

Details of Domestic and Imported Natural Gas Consumption

Consumption of natural Gas in fertilizer Sector (in MMSCM)			
Financial Year	Domestic	RLNG	Total
FY 2025-26	2887	16762	19649
FY 2026-27(April-May 2026) (P)	428	2562	2990
Consumption of natural Gas in Petrochemical Sector (in MMSCM)			
Financial Year	Domestic	RLNG	Total
FY 2025-26	1854	2045	3899
FY 2026-27(April-May 2026) (P)	134	199	333
Source: - Oil & Gas companies reporting to PPAC, P-Provisional			

Details of Import of Crude Oil

Crude oil import details (pre and post-war) is as below:		
	Month	Crude oil import (TMT)
Pre-war	Monthly Average of April-Feb 2025-26	20580
Post-war	Mar-26	19389
	Apr-26	18468
	May-26	22421
	Jun-26	19592
