**LOK SABHA
UNSTARRED QUESTION NO. 1144
TO BE ANSWERED ON 24TH JULY, 2026**

HIGH RISK PUBLIC HEALTH SURVEILLANCE ZONE

†1144. SHRI PATEL UMESHBHAI BABUBHAI:

Will the **Minister of HEALTH AND FAMILY WELFARE** be pleased to state:

- (a) the number of 'Red Category' pharmaceutical and chemical units currently operational in the Union Territory of Dadra and Nagar Haveli and Daman and Diu along with their names, the details of products manufactured and production capacity;
- (b) whether any updated epidemiological data is available regarding the impact on public health associated with the high density/concentration of the said units, if so, the details thereof;
- (c) whether the Government in coordination with the CPCB/PCC/GPCB, process to conduct an integrated analysis of real-time pollution data and regional disease load, if so, the details thereof and if not, the reasons therefor;
- (d) whether any independent third-party institution has conducted or proposes to conduct a health impact study in this regard, if so, the details thereof and if not, the reasons therefor; and
- (e) whether there is any scheme to declare the Daman-Vapi industrial belt as High-Risk Public Health Surveillance Zone and also to initiate cancer screening/bio-monitoring and to establish specialized disease registries, if so, the details thereof and if not, the reasons therefor?

**ANSWER
THE MINISTER OF HEALTH AND FAMILY WELFARE
(SHRI JAGAT PRAKASH NADDA)**

(a): As informed by Central Pollution Control Board (CPCB) under Ministry of Environment, Forest and Climate Change, 24 Red Category Pharmaceutical and Chemical units are currently in operation in the Union Territory of Dadra and Nagar Haveli and Daman and Diu (DNH&DD). The details regarding the names of the units, products manufactured and production capacities of these 24 units are enclosed as Annexure.

(b): As informed by India Council of Medical Research (ICMR), currently there is no epidemiological study or data specifically establishing an association between the concentration of Red Category pharmaceutical/chemical industries in the DNH&DD/Daman-Vapi industrial belt and public health outcomes.

(c): As informed by the Gujarat Pollution Control Board (GPCB) and Pollution Control Committee (PCC), DNH&DD, no specific study has been conducted for undertaking an integrated analysis of real-time pollution monitoring data and regional disease burden. However, Environmental monitoring and regulatory actions are undertaken by the concerned pollution control authorities under the Ministry of Environment, Forest and Climate Change and the respective State/UT Pollution Control Authorities, while disease surveillance is carried out through established public health surveillance mechanisms.

(d): No information regarding any independent third-party institution having conducted or proposing to conduct a specific comprehensive health impact study on the Daman-Vapi industrial belt is available with the Ministry.

(e): The Union Territory of Dadra & Nagar Haveli and Daman & Diu does not fall under the identified Critically Polluted Areas (CPAs) as per the information provided by the Central Pollution Control Board. The Department of Health and Family Welfare provides technical and financial support to States and Union Territories across the country under the National Programme for Prevention and Control of Non-Communicable Diseases (NP-NCD) as part of the National Health Mission (NHM). The programme focuses on strengthening infrastructure, human resource development, screening, early diagnosis, referral, treatment, and health promotion for Non- Communicable Diseases (NCDs) including cancer. Under NP-NCD, 770 District NCD Clinics and 6,410 NCD clinics at Community Health Centres have been set up across the country including the Union Territory of Dadra and Nagar Haveli and Daman and Diu.

Annexure referred to in reply to parts (a) to (e) of Lok Sabha unstarred Question No. 1144 for reply on 24.07.2026.
