

**GOVERNMENT OF INDIA
MINISTRY OF HEALTH AND FAMILY WELFARE
DEPARTMENT OF HEALTH AND FAMILY WELFARE**

**LOK SABHA
UNSTARRED QUESTION NO. 3355
TO BE ANSWERED ON 07.08.2026**

BUDGET ALLOCATION FOR ABDM AND U-WIN PLATFORM

**†3355. SHRI LALJI VERMA:
SHRI NEERAJ MAURYA:**

Will the **Minister of HEALTH and FAMILY WELFARE** be pleased to state:

- (a) the details of the total budget allocated under the Ayushman Bharat Digital Mission (ABDM) and the U-WIN platform during the financial year 2025-26 in the country, along with the actual expenditure incurred on the digital infrastructure of rural health centres, State-wise and district-wise in Uttar Pradesh;
- (b) the percentage of Ayushman Bharat Health Account (ABHA) card creation and vaccination tracking cases pending in rural areas of the country due to power outages and poor internet connectivity, State-wise including Uttar Pradesh;
- (c) whether the Government has taken any concrete steps to identify pregnant women and children who were deprived of registration due to complex portal procedures or server downtime and to provide them alternative health benefits, if so, the details thereof; and
- (d) the details of the special schemes implemented by the Government to integrate poor and backward sections living in remote rural areas, who lack smartphones and digital literacy into the digital health ecosystem?

**ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY
WELFARE
(SHRI PRATAPRAO JADHAV)**

(a) to (d): Under the Ayushman Bharat Digital Mission (ABDM) financial assistance is provided to States and Union Territories for supporting human resources deployed for ABDM implementation, capacity building of various stakeholders and IEC (information, education & communication) activities. The State/UT wise details of budget allocated and expenditure incurred under ABDM for FY 2025-26 are at **Annexure**.

Inclusion is one of the key principles of ABDM. The Government has taken various steps to ensure that the benefits of the mission reach every citizen. ABDM has provisions for assisted mode in places where internet connectivity might be poor. Offline mode for creation of ABHA has been added which enables delivery of services in regions of poor internet connectivity, or on account of unavailability of hardware or both. The Government reference PHR (Personal Health Record) application such as Aarogya Setu is multilingual and intuitive to use, with a view to address the lack of digital literacy.

The U-WIN infrastructure has been developed with in kind support of international collaboration. Key features of UWIN include 'anytime access' and 'anywhere' vaccination

services, generation of Ayushman Bharat Health Account (ABHA) and Child ABHA, self-registration module, automated SMS alerts, QR based e-Vaccination Certificate and offline mode for data entry by vaccinators. The offline functionality enables beneficiary registration and recording of vaccination events in areas with poor internet connectivity. This feature ensures uninterrupted service delivery during internet disruptions or power outages.

State/UT wise details of Budget allocated and expenditure incurred under ABDM for FY 2025-26

(Rs. in crore)			
S.No.	State/UT	Budget Allocation FY 2025-26	Actual Expenditure FY 2025-26
