Proposals/requests/suggestions/representations, both formal and informal *inter alia* for stoppage of train services are received from Members of Parliament, elected representatives, organizations/rail users etc. at various levels including Railway Board, Zonal Railways, Divisional Office etc. As receipt of such proposals/requests/suggestions is a continuous and dynamic process, centralized compendium of such requests is not maintained. However, these are examined and action as found feasible and justified is taken from time to time, which is an on-going process.

Besides, on Indian Railways, provision of stoppage of train services is an on-going process which depends on the traffic justification, operational feasibility, competing demands etc.
