ANSWER

**THE MINISTER OF ROAD TRANSPORT AND HIGHWAYS
(SHRI NITIN JAIRAM GADKARI)**

(a) The details of the works including grade-separated structures, taken up on NH-48 in the State of Rajasthan during the last three years, along with the expenditure incurred, are given in the enclosed at Annexure-A. A minor bridge at chainage 428+052, near the school building, has been retained as per the provisions of the Concession Agreement and the openings of this bridge structure are being used for crossing the highway.

(c) No crossing structure existing prior to the expansion of NH-48 has been closed during the course of the widening work. Therefore, no accident has been reported on this ground.

(d) Government has taken up the work of technical assessment and identification of improvement measures on the existing six-lane Udaipur - Ratanpur- Shamlaji section of NH-48, including the Lehna Ghati stretch.

Improvement measures on National Highways are undertaken with the approval of the competent authority on the basis of the outcome of the Detailed Project Report (DPR)/Technical assessment, techno-economic feasibility and synergy with PM Gati Shakti National Master Plan.
