- (b) the total estimated cost, physical progress and expected date of completion of each project;**
- (c) the reasons for delay, if any, in completion of these projects;**
- (d) whether the Government has conducted any assessment regarding the requirement of Metro Rail systems in Tier-II and Tier-III cities and if so, the details thereof along with the criteria adopted for selection of cities;**
- (e) whether the Government proposes to enhance financial assistance to States for implementation of Metro Rail projects under various funding models and if so, the details thereof; and**
- (f) the details of funds sanctioned, released and utilised for Metro Rail projects during the last five years project and State-wise?**

**ANSWER
THE MINISTER OF STATE IN THE
MINISTRY OF HOUSING AND URBAN AFFAIRS
(SHRI TOKHAN SAHU)**

(a) to (c): The details of Metro Rail Projects under this Ministry are as per Annexure - I. As per sanction order, Metro projects are generally completed in five to six years from the date of sanction. However, actual completion of projects depends upon the timely acquisition of land, tree cutting permission, court cases etc.

(d): 'Urban planning' is a State subject. Therefore, the respective State Governments are responsible for planning, initiating and developing proposal for development of urban infrastructure metro projects including Tier-II & Tier-III cities. Central Government provides financial assistance to Metro Rail project in accordance with the provisions of the Metro Rail Policy, 2017 as and when posed by the concerned State Government depending on the feasibility of the proposal and availability of resources.

(e): As per Metro Rail Policy, 2017, the following options for central financial assistance for metro projects have been envisaged:

- (i) Public Private Partnership (PPP)- Central financing for this model is governed by the Viability Gap Funding (VGF) Scheme of the Government.**
- (ii) Grant by the Central Government- Central Government consider providing a grant upto 10% of project cost, excluding private investment, cost of land, rehabilitation & resettlement and tax, to the state government for the construction of a metro rail project.**
- (iii) Equity Sharing Model- In this model, projects are taken up under equal ownership of Central and State Government concerned through equal sharing of equity upto 20% of the project cost. Most of the metro projects are implemented under this modal wherein a jointly owned Special Purpose Vehicle (50: 50 SPV) is formed that is managed by a Board of Directors.**

(f): The details of funds, sanctioned, released and utilised for Metro Rail Projects during the last five year are as per Annexure – II.
